

## Exit Logics - Exit Interview System

Companies spend a handsome amount of time and money on the development of their employees but when the employees leave, they are left with nothing.

Exit interviews are conducted to find out why the employees leave, where they go, which competitors they join and what is the employee turnover trend.

Exit Logics a web based online exit interview system and an essential for every company where employees matter. Independent HR consultants and head hunters can also extend their services by providing an online exit interviews.
