

Paperless Cabinet - Instant Paperless Environment Solution

With the speed the world is digitising, now is the best time to go 'Paperless'.

'Paperless Cabinet' is a software solution where paper documents are scanned and electronically filed. These documents are saved as PDF files, can have access restrictions and above all, they are searchable.

In addition, the documents already available in electronic format or generated in electronic format can also be filed and access restricted in the same manner.

The operation is very simple, all that needs to be done is scan documents using a high-speed scanner and let 'Paperless Cabinet' software do the rest.
